A tax check, in amount of \$307,366.40, received by the town of Wilmington from the AVCO Corporation was the largest one of its kind received by the town. This check represents the amount due the town on property taxes for the year 1959.

AUTOMATIC GATES AT MAIN STREET

As a result of the public hearing held at the State House a few weeks ago, the DPW has ordered the B & M Railroad to install automatic gates at the crossing at Main and Middlesex Streets.

A traffic count, taken August 3rd, picked up a total of 12,883 vehicles compared against a count of March 9 and 10 of 1949 which had a count of 6,196, a percentage increase of 108%.

A description of the type sign was given and the date for final installation was set at March 15, 1960.

NORTH ANDOVER 20- WILMINGTON 6

After playing inspired football last week against Chelmsford, the Wilmington Wildcats, in a complete reversal of form found themselves on the short end of the score 20-6.

The only scoring for the WHS was made by Butch Boudreau in the last quarter. No. Andover scored in the 1-2 and last quarters.

Poor defensive playing on the part of WHS was responsible for unopposed line running from the visiting team.

The next game will be at home, Saturday, where the Wildcats will host No. Reading who has only lost one game. That game was lost to Ipswich who is currently undefeated in the Class D League.

SIX DAYS --- TWO BREAK-INS

Lightning may not strike twice in the same place, but according to Tom O'Connors of Tom's Flying A Station, the same does not apply to him.

Saturday morning his filling station was entered into during the night by breaking a rear side window. The burglar (s) tore the pay station telephone off the wall and carried it away with him (or them). The cigarette machine was forced open and cash along with cigarettes were taken.

This break and entry was the second in six days.

WHS may have lost to North Andover last Monday, but the spectators got their licks in at the Wilmington Booster's Coffee Booth.

SELECTMEN TO MEET SELECTMEN

In a letter from Charles Statuti, Chairman of the Board of Selectmen of No. Reading, it was learned that our Board of Selectmen will meet in No. Reading next Thursday night to discuss with them the problem of a Gravel Removal Operator using our streets to haul gravel from No. Reading.

Our Selectmen feel that in as much as the gravel operation is in No. Reading, the delivery route should be in that town and that our streets should not bear the risk of being torn up.

This meeting will revolve around a possible solution to the rerouting of the Drinkwater removal, our Selectmen feeling that the same restrictions that are applicable to our own removal operations could be applied to this one.

CAR THIEVES SENTENCED

At Woburn Court, last week, an 18 year old youth was found guilty of breaking and entering with intent to commit misdemeanor and sentenced to 3 months in the House of Correction. In the same trial, a juvenile pleaded guilty to the same charge but case was continued in nature of probation until April 28, 1960.

The 18 year old youth appealed his sentence and was held on \$500.00 surety bail.

This case was an aftermath in a series of breaks into 3 local car agencies in which four cars were taken.

Sgt. George Shepard and Officer Don Mercier, along with Sgt. Deyermund of the Andover Police Department prosecuted.

ROTARY GUEST SPEAKER

Chairman of the Massachusetts State Housing Board, Hon. Louis F. Musco, was the guest at last week's regular luncheon meeting of the Wilmington Rotary Club.

Mr. Musco informed the Rotarians that over 1600 elderly persons throughout the Commonwealth are currently enjoying the latest in ultra modern, convenient, comfortable and safe housing at very moderate rates.

These up to date conditions were effected through the combined efforts of the State and Local Housing Authorities. The degree of Mr. Musco's remarks on the elderly housing projects, was indicted by the spirited question and answer period that followed.

Accompanying Mr. Musco were his planning Director Jack Nolan and James Franklin, Executive Director of the Wilmington Housing Authority.

\$34,304.67 TAX CHECK TO WILMINGTON

A lump-sum check for \$34,304.67, representing the 1959 taxes of 93 property owners arrived at the Wilmington treasurer's office this week from The Provident Institution for Savings, 36 Temple Place, Boston. The check was a part of lump-sum checks totaling \$3,831,376.22 paid this week by New England's oldest savings bank to city and town treasurers in 123 Massachusetts communities. The tax payments were the largest in the more than 140 year history of the Provident.

PAY CASH FOR SCHOOL BUILDING--WHY NOT?

In view of the fact that the town of Wilmington received a check from AVCC in amount of \$307,366.40 for property taxes for the year 1959 and will continue to do so for awhile, it calls for a little analyzing from the citizen taxpayers of the town.

The school building program calls for two more schools in the near future with more to come. These schools are built by borrowing money with interest charges. By accepting State Aid for the building of these schools, the town is reimbursed approximately 50% of the cost, from the State.

Sounds good. BUT--if the original note is for a twenty year period, the 50% of the total cost coming back from the State is spread over the same twenty year payment, or at one twentieth of the 50% payback yearly for twenty years.

IN THE MEANTIME--the town of Wilmington is paying full interest on the original amount borrowed, to the extent that the interest paid nullifies any paybacks from the State.

It is our contention that next years tax check from AVCO be used to buy a school--cash--no interest, and the town be debt free. (this years check has already been allocated in anticipation)

GRASSROOTS OPINION

..... "It doesn't take an expert economist with a flock of degrees after his name to see the adverse effect that ever upward spiraling wages, cost of living and taxes are having on this nation's economy. It takes just plain 'horse sense' to appreciate the danger."

..... "Every once in awhile someone takes a crack at trying to come up with a word picture of the size of the national debt that can be imagined. Latest one is by Rep. Minshall (R-Ohio). 'One million dollars is a stack of \$1000 bills approximately 4 inches high; one billion is a stack of bills 333 feet high.' To illustrate the national debt--you'd need a stack of bills more than 18 miles high. We haven't checked the figures, but what's one mile more or less."

..... "Nearly every motorist who has done late night driving can recall instances where he has dozed for a fraction of a second. Your eyes close, the head dips, then you straighten up with a sudden awareness bordering on panic. It might take only the time for a snap of the finger to regain control. In such an experience, you brush against the wings of death."

..... "The hard pressed railroads are taking a page from the airlines industry and are intent on putting to effect a plan for strike insurance that would cover a road fully for its fixed charges if idled by a walkout."

"The railroad plan differs in manner but not in design from the plan put into effect last year by major airlines. Under the terms of the plan, each unstruck carrier pays to the struck line the additional net income it receives from 'diversion of the struck line's traffic'."

..... "If government-owned surpluses of wheat and corn etc., were as easy to dispose of,--or had as many places where they could be put without any trouble, as is the case with a surplus in a state treasury, crop surpluses would soon cease to be problems."

"The fine art of executive decision consists in not deciding questions that are not now pertinent, in not deciding prematurely, in not making decisions that cannot be made effective, and in not making decisions that others should make."

FOSTER PARENTS COMMITTEE MEETING

The first planning meeting of the newly formed Foster Parents Committee met on Monday, October 26th, at 1 Walnut Street, Boston. This meeting was designed to set up plans, and future projects for the coming year that would involve the total Foster Parents Family of the three agencies.

These are The Boston Children's Service Association, The Church Home Society, and The Children's Mission to Children. It is hoped that this project will result in stronger, closer ties between the agencies and the foster families.

These Foster Parents are mothers and fathers who extend the warmth and care of their homes to children of all ages, who for some reason must be placed out of their normal homes for a period of time.

The Planning Committee is composed of foster mothers who are boarding children at present. Those who attended the meeting and who have accepted an active role in helping to organize the projects are the following: Mrs. Andrew Leete of Everett, Mrs. Kenneth Niven of Woburn, Mrs. Henry Janks of Bedford, Mrs. Alfred Schubert of Weymouth, Mrs. Paul Erickson of Norwell, Mrs. William Phelps of Lexington, Mrs. Bernice Cooke of Boston, Mrs. John Gilley of Melrose, Mrs. Donald McLean of Wilmington, Mrs. John Pearson of Winthrop and Mrs. David Tilden of Hingham.

TALK OF THE TOWN

By HANK FILIPPONE

Along the Main Stem goes the unconfirmed rumor that a large bowling alley and a miniature golf course is planning to locate on the land on Main Street that was purchased by the Wilmington Ford Company. The man in charge of the program is a well known local citizen.

The property title of the New England Gas Products Company in Wilmington has changed hands. A Mr. Big Corporation (larger than any other here in Wilmington) has bought out New England Gas and the town may look forward to a new industrial site.

In one week, the town of Wilmington has received two checks for tax property. One is for \$307,366.40 and the other for \$34,304.67, totaling \$341,671.07. Pretty good pickings!

This paper appeared at the Planning Board meeting two weeks ago to suggest the possibility of the town installing toilet facilities at the Town Park. The Town Park, which represents quite an investment for the town is without any facilities and make the use of the park an undesirable function. Over a period of years this condition could become a health problem. The Board listened sympathetically and were concerned with the problem of acts of vandalism to any building that may be built there. This paper contends that the value of good use and convenience to our town would more than nullify any cost of broken windows, etc.

One town official once remarked, when broached with the subject, that there was always the woods, but our Health Department won't go along with that reasoning.

The series of street light shooting was halted last week when our Police Department nabbed three children from Tewksbury and three children from town. These children were taking BB shots at the street lights in such continuance that the Reading Light Company wrote to our Board of Selectmen complaining of it.

Young Freddy Gilgun of Woburn who has been juvenile probation officer in Woburn has been named to replace Harry Ainsworth of Wilmington as the Chief Probation Officer of the Woburn District Court. Harry Ainsworth is a former Chief of the Wilmington Police Department and is also the Town Constable.

This is the year when you'll really go wild over hats. Thanks to those understanding milliners, hats, hair and ready-to-wear have entered a triple alliance that will make you more hat-minded than you've been in years.

Rosalind Russell, voted the "best hatted woman in America," says, "The new hats will truly go to your head and turn the heads of the men in your direction. You'll want a whole wardrobe of them."

If you once thought of one or two little hats to go with almost everything, you'll get over this outmoded idea fast once you see the variety of styles, fabrics and colors."

Rosalind Russell
"I love hats"

We are in complete accord with Miss Russell. When you see how much the new hats do for you... what a different personality you are in each, you'll want to buy every new type you try. Begin with your suit hat since that's the first new outfit you'll wear in the Fall. You have a choice of pixie types, or derbies, hom-burgs and fedoras — but with such a feminine look you'll forget they were borrowed from the men. Very femme fatale are the ones with eye shadowing brims.

These, along with the Garbo-type slouches and high-crown clothes, are the perfect complement with the new tie-belted wrap and coachmen coats... and the longer belted jackets seen in suits and costumes.

For afternoon... you'll love the way you look in the new tall pill-boxes that are so elegant. Or perhaps you'll prefer one of the high-climbing toques, spiraled turbans, or the new, Russian-inspired chechias in tall, stiff or rather softly-draped types; in fur or fur-felts.

Colors are delicious, even when subdued. There are two schools of thought... one to blend your hat with your costume, such as gold, moss green, coffee, cocoa beiges and grays with clothes of matching tonality.

The other idea is to live in black, gray and all those subtle, smoky tones with white, beige or vibrant reds, purples, royal blues and turquoise. This is certainly the season to be hat-happy with every costume, on every occasion.

'Most people would think it absurd to ask the federal government to take over the local street cleaning job. They would probably be alarmed if the federal police force took over from the local police in their towns. Yet in recent years the idea has grown that the federal government should take care of everything connected with the 'welfare' of its citizens.'

'A man should work eight hours and sleep eight hours but not the same eight hours.'

Station attendant Jack Macigan shows how thieves got into Tom's Flying A service station last week, the second break in six days.

BOARD OF APPEALS CHAIRMAN RESIGNS

Walter Hale Jr., Chairman of Board of Appeals, in a letter to the Board of Selectmen last Monday night, resigned from the Board.

The letter stated that due to other commitments, he was unable to continue on the Board. The letter was accepted with much regret from the Board of Selectmen.

LARCENY FROM TRUCK

Four envelopes, containing money totaling \$61.37 were stolen from the panel truck of Douglas Archibald, 494 Lowell St., Wakefield.

The vehicle was parked at the old North Wilmington Railroad Depot and was discovered by Mr. Archibald.

Sgt. Imbimbo is investigating.

A BASIC FREEDOM guaranteed Americans is the freedom to worship. Our founding fathers saw, as President Eisenhower has said, that "all free civilization rests upon a basis of religious faith." That is why the House of God is an indispensable part of the American scene, symbolizing a community's character as well as the nation's spiritual stature. November is Religion In American Life Month, when we are all urged to attend and support the Church or Synagogue of our choice. "Find the Strength for your life... worship together this week."

A JEWELRY LOOK has been added to the carefree stainless flatware that sets a modern table. This beautiful design idea comes to life in "White Lily," newest pattern in Oneidacraft Premier Stainless. Here, an inlay of everlasting white porcelain lilies of the valley is sealed fast into gleaming stainless handles — permanently heat-bonded, and perfectly safe in dishwasher or dishpan! The result for your table is delicate elegance plus the fine practicality of a wonderful 20th Century flatware material.

PLANTS AND FLOWERS provide one of the best ways of adding life and personality to any room in your home. Use them as an accessory on a lamp table or end table, in a hanging planter to fill in a bare spot on any wall, or show them off in a room divider. And here's a tip to help you keep philodendron, ivy and other hard-surface leaved plants looking their shiny best: Spray the leaves with Antrol's Instant Leaf Shine to protect them from ordinary house dust and give the plant a fresh, clean luster.

ZAMPARELLI ANNOUNCES CANDIDACY

Attorney John F. Zamparelli announced his candidacy for District Attorney of Middlesex County in the special election to be held in September of 1960. This followed the confirmation by the Executive Council of John J. Droney as Interim District Attorney.

Former Representative Zamparelli, who expected to be named to the post, stated that the people made him the logical successor to succeed to the office of District Attorney for Middlesex County when he finished runner-up in 1956 in the eleven-man field, which included prominent Middlesex County lawyers as well as vote getters.

Zamparelli said, during the past five weeks while seeking this appointment, the support he received from various people from both political parties and members of the bar as well as the judiciary has impressed him sufficiently that the public does not approve the manner in which the present District Attorney was appointed nor the pressure which was exerted in his behalf.

LIQUOR LICENSE DENIED

At the regular Selectmen's meeting last Monday night, the application for a liquor license as submitted by Michael J. Walsh was denied.

The motion to deny, as made by Nicky DeFelice, was carried, the reason being that the town population did not warrant the issuing of further licenses.

Members of St. Dorothy's 'Dinner Club' will be served a salad supper Sunday evening at 6:30 p.m. in St. Dorothy's Hall. Future plans will be discussed for another dinner to be held early in the New Year. Mrs. John Hourihan is to show movies of the various parish functions after the business session.

Senior Girl Scout Troop #108 enjoyed a fine Halloween party last Friday evening, at the home of Mr. and Mrs. William Widger of Fairview Avenue.

Games and dancing were enjoyed followed by a scavenger hunt in the surrounding area. Eighteen troop members participated, who were chaperoned by Mr. and Mrs. Widger and Charles L. Adie.

The girls would like to thank all the generous people who gave articles during their scavenger hunt, and also to the chaperones for their guidance.

The Annual Turkey Whist Party sponsored by the Silver Lake Betterment Association will be held Friday night, November 6 at 8:30 o'clock in the Betterment Hall on Main Street.

There will be turkeys, chicken dinners, grocery baskets, fruit and other holiday food as prizes. Also attendance prizes of a turkey and a grocery basket.

Serving on the committee are: John McAndrew, general chairman; James Shine, James Simpson, Miss Irene Sharp, Miss Carmen Sadler, Mrs. Daniel Mackay, Mrs. Roy Carlson, Mrs. Charles A. Baldwin, Mrs. Richard Lee and Mrs. John McAndrew.

Proceeds will benefit the children's Christmas party held annually by the association.

It probably was difficult for most parents to watch their waist lines this past week end---after all, the goodies the children gathered at Halloween proved very very tempting!

Plans continue for the Annual Turkey Whist party of St. Dorothy's Parish which is to take place at the Shawsheen School, Tewksbury, Friday night November 13.

A large assortment of prizes has been selected for the party winners and an even larger attendance than usual is anticipated. This whist party is always one of the feature attractions of the year and greatly benefits the Building Fund.

General chairman, Ernest Crispo has distributed books on the drawing of thirteen prizes which consists of three \$50 awards and ten turkeys, 20 pounds each. Attendance prizes are two turkey dinners to those holding the lucky door numbers.

Books on the drawing may be had from any of the following committee: John Baldwin, William Hennessey, Mrs. Monty Coolidge, Mrs. Jeremiah Mackey, Mrs. Teresa Foss, Mrs. Joseph Gilligan, William Wagstaff, Mrs. James Galvin, Mrs. George Szadis, Mrs. Doris Dame, Mrs. Danny DiTommaso, Mrs. Alfred DiGiovanni, also Mrs. Leonard Chisholm, Mrs. Joseph Krugh, Mrs. John Hourihan, Mrs. Frank Romano, Mrs. Albert Cronin and many others.

Assisting the chairman with arrangements are Anthony Coviello, Monty Coolidge, Richard Lee, Edward Joyce, George Szadis. Also Mrs. Edward Wellington, Mrs. Ernest Crispo, Mrs. John McAndrew, Mrs. Daniel MacKay, Mrs. William Tattersall, Mrs. Allen Riley, Miss Christine Riley and publicity Mrs. Charles A. Baldwin.

Rev. Joseph W. Leahy and Rev. Robert Gosslin are honorary chairman.

The Wilmington Skating Club wishes to thank all those who donated or purchased pastry at their cake sale last week.

Pres. John Waugh and James Tighe extend their thanks and gratitude to the parents who have been generous enough to use their cars for transportation on Sundays to the Worcester Indoor Skating Rink. A large group attended last weeks session, with Dick Ring coaching them.

The largest skating meet ever to be held in Wilmington will be in January when the Eastern Seaboard Outdoor Speed Skating Championship Meet will be held here.

Wilmington skaters should prove to be good as they have in the past.

A large stainless steel mixing bowl has still been unclaimed since the annual supper of the Wildwood Parents' Club.

Owner may have the same by calling Pres. Lieta Ruggiero OL8-8087.

The regular business meeting of the Wilmington Grange will be held on Wednesday, November 11 at the Grange Hall at 8 p.m.

PROGRESS NOTES FROM THE Q'S

There is much activity these days at the clubhouse on Hopkins Street in Reading where the Quannapowitt Players are readying their first production of the new season to be presented at the Reading High School Auditorium on November 13-14.

The play chosen is the wonderfully warm and human comedy 'Harvey' which enjoyed such a long and successful run on the Broadway stage. The play revolves around an imaginary, but nonetheless lovable, large white rabbit by the name of Harvey, whose constant, sometimes eccentric companion is Elwood P. Dowd, most ably and warmly played by James Lawthers of Reading who played the same role in the production of this play some years ago. He is loved by, but much the despair of his sister, Veta Louise, played by a new member Josephine Cooney of Lexington, and his niece Mrytle Mae played by Mary Riley of Wakefield.

There are many good roles in this play, all excellent character parts, which give a wide scope of understanding, or misunderstanding, to the problem of Harvey. The other roles in the play are as follows: Ruth Kelley, the nurse, Joan Corridino and Ralph Smallidge, a doctor, both of Reading; Dr. Chumley, Dr. in Chief, and his wife, Mrs. Chumley, played by Bonnie Davis and Summer Blanchard both of North Reading; Judge Gaffney, Greny Stockwell and the Cab Driver, Dave Valpey of Wakefield; Mrs. Chauvenet, an influential old family friend, Helen Dickinson of Greenwood, and Wilson the Attendant, played by Bob Hackett of Allston.

Tickets may be purchased by writing to the clubhouse at Box 12 in Reading, or contacting Mrs. Ella Stockwell, club secretary, at Crystal 6-5227.

A contest of interest to theatre goers will be forthcoming in this paper in the near future, where 25 pairs of tickets to the Friday evening performance of Harvey will be given to those lucky names drawn at the clubhouse on November 6. There will be blanks available, which filled out and sent to the Quannapowitts will then be eligible for the drawing.

Keep watching the paper in the next couple of weeks!

SUCCESSFUL CONCLUSIONS

On September 20 and 27 and again on October 25, 1959, the Lions Club Members of Wilmington participated in a Door to Door Sales Campaign selling Light Bulbs. On October 9, the Lions Club held its Annual Harvest Ball in the Andover Country Club - approximately 350 persons attended.

As a result of the wonderful cooperation displayed by all the individuals who purchased light bulbs and also of those who attended the social affair in Andover, the sum of \$1,370 was realized by the Club. NOW the big question is WHAT HAPPENS to the MONEY? The following will tell the story:
1. On October 21, 1959, Mr. Elton L. MacNeil, District Eye Research Committee of the Mass Lions, 33N, was presented with \$400 in the Silver Lake Bet-terment Hall. This sum of money represents the Wilmington Lions share towards the \$100,000 the Lions of Mass. hope to raise this year to carry on the many research projects that have been started and to start new ones.

2. A child in Wilmington is about to undergo some very serious treatment because of blindness. The Lions of Wilmington are going to assume the financial responsibility. The COST? About \$300.
3. The Club has supplied eye glasses to more people of Wilmington during a recent period - as has been the case in the past.

4. The Blind of Wilmington will be the recipients of many nice things again this year.

5. Other expenditures will include donations to many worthy organizations and Scholarships for our high school youngsters.

Kindly note. Out of the \$1370 raised - \$400 has gone into research which will be of benefit to everyone in the world. The remaining \$970 will be used for the many worthy projects in WILMINGTON.

NOW, would you please reflect for a moment? Why were the projects successful? They were successful because you helped to make them a reality. As a result, the Lions of Wilmington consider it an honor to share the PRIDE with everyone of you. Think of the GOODNESS that you are helping to bring about in Wilmington and the entire world.

If you wish to be of more help in the future, you may purchase more light bulbs from any Lion in Wilmington - a reserve stock is always on hand. You may also wish to attend the Andover Club Socials - Usually held on the second Friday in October and the Friday following Easter.

Tonites guest speaker will be Walter Doherty, member of the Railroad Community Speakers' Bureau of Greater Boston and his subject will be 'Railroads -- Their Operations of Today.'

'It's a tough world for the businessman. Every time he comes up with something new, the Russians invent it a week later, and the Japanese make it cheaper.'

Sgt. John Imbimbo is shown 'writing up' a traffic violator as part of the demonstration for proper school bus procedure and Safety Campaign under the supervision of the Hudson Bus Lines. The program which was held yesterday and today, was for the purpose of teaching youngsters the safety procedure for boarding, riding and leaving school buses. The act of booking a violator was to show the children that motorists may not always stop for a bus and impressed the children to look both ways when getting off the school bus.

NEWEST IN HAT STYLING is shown by RR Station Tom Connelly. This latest is one of many that Tom wears, each one that seems to out-do the last.

GOVERNOR FURCOLO TO SPEAK

Governor Foster Furcolo will deliver the principal address and make the presentation of a scholarship at the Second All-Day Workshop for Secretaries at the Merrimack College Auditorium, Saturday, November 14.

More than 400 secretaries from leading industrial commercial and business institutions in Massachusetts will attend the Workshop. It will be co-sponsored by Merrimack College and the Merrimack Valley Chapter of the National Secretaries' Association. The theme of the conference will be 'The Secretary Looks Ahead.'

Joining the Governor in the speaking program are Professor Mary E. Connolly, Associate Professor of Secretarial Studies and Business Education, Boston University; Philip Danforth, Executive Vice-President Essex Savings Bank, Lawrence; Miss Betty Jane Henry, Educational Service Department, International Business Machines, New York City; Prof. Charles E. Jarvis, Department of General Studies, Lowell Technological Institute; Joseph Reilly, Personnel Assistant, Sylvania Electric, Inc., Woburn.

ATTENTION REAL ESTATE BROKERS AND SALESMEN

Chairman Joseph J. Mulhern of the State Board of Registration of Real Estate Brokers and Salesmen has issued a warning that the time for filing applications will expire December 31. He said that it was advisable for persons engaged in the real estate business to file their applications for certification without delay. Otherwise they may be caught in a last-minute rush at the end of the year and will lack the necessary certificates to carry on their business after December 31.

Chairman Mulhern pointed out that Real Estate Brokers and Salesmen may obtain their application forms by mail or by appearing personally at the State Board headquarters in Room 947, 18 Tremont Street, Boston.

Chairman Mulhern made it clear that the applications must be notarized before they are filed. The applications for Brokers must be accompanied by a fee of \$15 and evidence that each Broker has been bonded to the extent of \$1,000. A Salesman must file a fee of \$10 with his application but he is not required to obtain a bond.

BOOSTER CLUB

The Wilmington High School Boosters have obtained their goal of 1000 members. This was due to the cooperation of the townspeople and the High School Athletes themselves.

The Boosters have complete moving pictures of the Chelmsford-Wilmington game which will be shown to the public at a later date.

The Boosters hope to have more pictures taken in the near future for instructive use for the coaches and players.

THE OTHER DAY

We overheard a youngster ask another boy if it is all right to wash an American flag, and we decided to consult a naval officer, of our acquaintance what the official etiquette is on the subject.

He said, 'Of course everyone knows that our flag should always be treated with respect, and I guess the generally known considerations of never allowing the flag to touch the ground nor be trampled upon, nor intentionally marked, are too well known to require any explanation.'

'However, there may be a good many people who are not sure about the question that youngster raised. It is only natural for a flag to become soiled through use, and it is perfectly proper to wash or dry clean it to restore it to its original brightness. It is also recommended that an American flag that is torn be mended, provided such mending does not alter its design or appearance.'

Just as a nation's flag is its symbol of unity and devotion, the trademark or name of a business should be its pledge of loyalty and reliability. For our part, we display our humbly, while we are reminded of an old proverb, 'Titles do not reflect honor on men, but rather men on their titles.'
